OBJECTIVE

To obtain an entry-level Web Developer role where I can apply my skills in front-end and back-end technologies (HTML, CSS, JavaScript, Python, Flask) to build responsive, user-friendly applications while counting to grow as a full-stack developer.

SKILLS

Programming	Python, HTML, CSS, JavaScript
Framework & Libraries	Flask, FastAPI, MongoDB
Tools	VS Code, Antigravity, GitHub
Others	Debugging, Logical Thinking, Troubleshooting, Analytical Skills, Googling

EXPERIENCE

Web Developer Intern

Shaeryl Data Tech Pvt. Lt.

Aug 2025 - Sep 2025

- Built an AI pipeline using **Python, Tesseract OCR, OpenCV and LayoutLM** for document text and layout extraction.
- Implemented fraud detection models with **Scikit-learn and XGBoost** to identify anomalous patterns across documents.
- Added model explainability using **SHAP and LIME** to highlight key fraud indicators.

Web Developer Intern

Octanet Service Pvt. Lt.

April 2025 - May 2025

- Developed responsive web pages using **HTML and CSS**, ensuring cross-browser compatibility and mobile-friendly layouts.
- Implemented interactive features and form validations using **JavaScript** to enhance user experience.

PROJECTS

Fraud Detection Via Document

- Built a Loan Fraud Detection system using **Python, NumPy, Scikit-learn, XGBoost, and Autoencoders (PyTorch)** to identify fraudulent loan patterns.
- Implemented a document processing pipeline with **LayoutLM, TesseractOCR, EasyOCR, OpenCV, and PyMuPDF** to extract and analyze loan document data.
- Performed **data preprocessing, feature engineering, and model evaluation**, integrating OCR-based insights to improve fraud detection accuracy.

CodeGuard – AI-Driven Code Review Assistant

- Built an automated code review tool using **Python, FastAPI, HTML, CSS, and JavaScript** with integrated **Pylint, Flake8, and Bandit** to detect bugs, style issues, and security vulnerabilities.
- Implemented an intelligent analysis pipeline with **REST APIs and workflow automation** to generate structured code quality reports and improve developer productivity.

To-Do List Application

- Built a responsive and visually appealing app by using **React, JavaScript, and Tailwind CSS**, featuring dynamic task management, reusable components, and a clean, modern user interface.

EDUCATION

Bachelor Of Technology In Information Technology from I.T.M. Gwalior aff. RGPV Bhopal.

2026

Class 12 – MP Board | Maa Pitambra Higher Secondary School, Dabra

2022

Class 10 – CBSE | St. Paul's School, Gwalior

2020

CERTIFICATE

- EduSkills Academy** : Python Full Stack.
- EduSkills PaloAlto** : Cybersecurity Virtual Internship.
- Python Development Internship in **Octanet Services**.
- Zscaler Academy** : Zscaler Cybersecurity Fundamentals Associate Course.
- Zscaler Academy** : Zscaler Zero Trust Associate (ZTCA).
- Shaeryl Data Tech** : Web Developer.

INTERESTS & HOBBIES

- Developing side projects and experimenting with frontend/UI design.
- Playing chess & basketball.
- Reading about emerging tech trends.
